## **New Book Shares God's Love with Young and Beginning Readers**

**Author and entrepreneur Jean A. Sturgill brings a classic Bible story to life in *Bouncing Beaver Discovers God***

MEBANE, N.C. – Written in support of the author's website, *Bouncing Beaver Discovers God* by Jean A. Sturgill shares the book of Genesis with children through vivid, colorful photographs.

In *Bouncing Beaver Discovers God*, the story of God's creation gets a little help from two boys who are eager to share God's love with others. Robbie and Drew come face to face with an eager beaver when she literally jumps off of their web page. She is on a mission to find God. She doesn't know much about Him, but she is ready to learn. Robbie and Drew talk to her about God and all that He did to create all the earth's creatures, big and small. The boys also teach her that God is all knowing, all-powerful, and everywhere. When she finally returns to the website, she finds she has been given the opportunity to read her Bible anytime she likes.

In today's technologically advanced culture, this book provides children with a link to a safe and educational website that will further establish their faith in God. Delightfully fun and charming, *Bouncing Beaver Discovers God* reinforces Christian values and beliefs and provides the foundation children need for a lifelong relationship with God.
